

## FY 2017 TRANSPORTATION CAPITAL PROGRAM New Jersey Department of Transportation Projects

<i>Program/Project Name</i>	<i>Project ID Numbers: D9912A / 123210</i>
<b>South Pemberton Road, CR 530, Phase 2</b>	

This project, a breakout of DBNUM D9912, will reconstruct, and provide lane and shoulder widening, on South Pemberton Road (CR 530) from Hanover Street (CR 616) in Pemberton Borough to Route 206 in Southampton Township. The widening of the roadway will include a 5 lane cross-section that contains a continuous dedicated turn lane, new six-foot shoulders, and four twelve-foot travel lanes. The roadway segment is a heavily traveled corridor due to the fact that it is a continuation of Route 38. Route 38 ends at Route 206 (The South Pemberton Road westernmost limit) and becomes South Pemberton Road (CR530). This project provides for the acquisition of easements and/or full takings of over 90 parcels, and provides for the environmental clean-up and demolishing of all structures. This project will also include tree clearing to accommodate the new roadway and shoulder width. This project is multi-year funded.

**COUNTY:** Burlington

**MUNICIPALITY:** Pemberton Boro, Pemberton Twp, Southampton Twp

**MILEPOSTS:** 0.0-2.68

**STRUCTURE NO.:** N/A

**LEGISLATIVE DISTRICT:** 8

*Project ID Numbers: 11338 / 113380*

### Route 70, Route 38 to Cropwell Road

This project consists of milling, resurfacing, reconstructing, and rehabilitating the mainline and shoulder pavement in both the Eastbound and Westbound directions. Ramps and cross roads within the project limits are also included in the scope of work. The project is to mill and resurface the majority of Rt. 70 with a full depth pavement reconstruction for certain sections of the roadway where the pavement is in poor condition.

In addition, the existing culvert at Cropwell's Brook is to be replaced. The proposed culvert will accommodate a 25-year storm. Drainage improvements include the construction of additional inlets and piping, increasing the size of existing piping, installation of underdrains in select areas, and the installation of a tide control check valve. This project is multi-year funded.

### Route 130, Columbus Road/Jones Street

This project will address operational, physical, and safety problems at the intersection. The project includes: construction of a designated left-turn lane for Northbound Route 130 onto Jones Street; closing of the median opening at Court Drive (only emergency vehicle use will be permitted); replacement of the existing traffic signal; installation of ADA compatible pedestrian crosswalks and sidewalks; and provision of a lead signal phase for the Northbound Route 130 left-turn and for Westbound Columbus Road. The project also includes milling and resurfacing at the intersection.
