Casino Revenue Fund	

State law provides 8.5% of the Casino Tax Fund to be appropriated for transportation services for senior and disabled persons. This element also supports capital improvements that benefit the senior and disabled populations. The law provides 85% of these funds to be made available to the counties through NJ TRANSIT for capital, operating, and administrative expenses for the provision of locally coordinated para-transit services. The amount each county receives is determined by utilizing an allocation formula based on the number of residents 60 years of age and over as reflected in the most recent U.S. Census Report.

Portal Bridge North	

Funding is for the design, engineering, construction and other necessary initiatives or items to complete the proposed replacement of the existing Portal North Bridge with a new high-level, two track, fixed structure bridge on a new rail alignment. The new bridge will be approximately 1,200 feet long and will have a clearance that accommodates current and forecasted maritime traffic, thereby eliminating the need for a movable span that interrupts rail operations and results in delays due to mechanical failures. This will improve reliability, allowing NJ TRANSIT to operate longer and higher capacity trains. Additionally, trains will be able to cross the bridge at 90 miles per hour, up from 60 miles per hour today.

\$345M in Amtrak funds will be applied to the Portal North Bridge (PNB) project once the funds are administered to NJ TRANSIT.

\$57M in CMAQ funds are committed to purchase up to 25 commuter rail vehicles to support the PNB project. Refer to DB T112- Rail Rolling Stock Procurement where funds for supporting all rail rolling stock purchases are listed and explained. In addition, NJ TRANSIT is committing up to \$14M in local match for the CMAQ funds (through NJTTF) to support the PNB project.

NJ Transit has requested \$811m under FTA’s Section 5309 Capital Investment Grants Program, which would be applied to the STIP.

Walter Rand Transportation Center	

The Water Rand Transportation Center (WRTC) is the regional transit hub for southern New Jersey, located across from Cooper University Hospital and Cooper Medical School of Rowan University, in the center of the Business District. WRTC services the Port Authority Transit Corporation (PATCO) high speed line, NJ Transit RiverLINE and proposed Glassboro-Camden Line (GCL), as well as serving as the hub for 26 regional NJ Transit bus lines that connect to Philadelphia, New Jersey and New York. Proposed changes include significant improvements to the building façade, renovations to the interior waiting area (including retail amenities) and new way finding signage. In addition, bus, taxi and train access may be consolidated and made more efficient. Critical to the concept development phase of this project is a focus on improved pedestrian and vehicular traffic flow, which will be accomplished by consolidating all of the existing bus lines inside an expanded and redesigned bus terminal. The redesign of the WRTC will provide better connections for parking, buses, taxis, public transit and retail space making it easier for pedestrians to navigate the transit center and the surrounding area.
