RE: **Freshwater Wetlands General Permits #11 & 20 -- Permit Correction**  
DLUR File No.: 1102-07-0005.1, FWW130002 (GP11) & FWW130001 (GP20)  
Applicant: NJDOT  
Project: D&R Canal Repair - Route 29, Milepost 10.1  
Township of Ewing, Mercer County

Dear Ms. Shutz:

The Department issued the above-referenced permits for this project on March 7, 2013. Since that time, it was noted that the permit document failed to reference a Water Quality Certificate for work within State open waters.

Therefore, the following condition is hereby added to the permit as condition #24:

24. *This permit to conduct a regulated activity in a wetland or open water includes the Department's approval of a Water Quality Certificate for these activities.*

A copy of this letter shall be appended to the original permit (1102-07-0005.1, FWW130002 & FWW130001). The original date of issuance of the permit and all permit conditions remain in effect. Failure to comply with any or all of the permit conditions may result in appropriate enforcement action, or suspension and revocation of the permit.

Should you have any questions concerning this letter, please contact Becky Mazzei of our staff at 609-984-6216, or [Becky.Mazzei@dep.state.nj.us](mailto:Becky.Mazzei@dep.state.nj.us). Be sure to include the Division's file number on all correspondence.

Sincerely,
