Baseline Document Change Announcement

- ANNOUNCEMENT:** **BDC21MR-02**
- DATE:** **August 16, 2022**
- SUBJECT:** **Drainage and Pipe Materials Updates**
- Revision to “Section 10 - Drainage” of the Roadway Design Manual 2015.
- REFERENCES:** **Polypropylene (PP) and HDPE Pipe**
- Revision to the 2019 Standard Specifications for Road and Bridge Construction, Subsection 601.02, Subparts 601.03.01, 601.03.03, 601.03.04, 601.03.06, 601.03.07, Subsection 601.04, and Subpart 909.02.02
BDC21S-12 dated August 16, 2022

Roadway Design Manual Section 10 "Drainage" has been revised to incorporate changes in design requirements and expand pipe material options. The revisions in this BDC must be read in conjunction with the referenced 2019 Standard Specifications for Road and Bridge Construction BDC Announcement, BDC21S-12.

The following pages of the Roadway Design Manual have been revised and replaced:

Section 10 is replaced in its entirety.

This revision must be read in conjunction with the referenced BDC Announcements.

Implementation Code R (ROUTINE)

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for addenda or postponement of advertisement or receipt of bids.
