## *Baseline Document Change Announcement*

**ANNOUNCEMENT: BDC24S-22**

**DATE: February 10, 2025**

**SUBJECT: Certification of Compliance**  
- **Revision to Subsection 106.07 of the 2019 Standard Specifications for Road and Bridge Construction.**

Subsection 106.07 of the 2019 Standard Specifications for Road and Bridge Construction has been revised to provide the new Form DC-1811 'Certificate of Compliance Cover Sheet' with the Certification of Compliance and to ensure that each heat number of the material is listed in the Form DC-17.

**The following revisions have been incorporated into the 2019 Standard Specifications via the 2019 Standard Inputs, SI2019:**

### **106.07 CERTIFICATION OF COMPLIANCE**

#### **106.07.01 Certification of Compliance**

THE THIRD PARAGRAPH IS CHANGED TO:

Before incorporating the materials into the Project, obtain 3 copies of the manufacturer's Certifications of Compliance for materials, components, and manufactured items that are accepted by certification. Retain 1 copy and submit 2 copies to the RE. With the Certification of Compliance, provide a DC-1811, Certificate of Compliance Cover Sheet, identifying the Item for which it is submitted. For products that contain steel or iron, attach additional documents as required by the certification procedures as specified in 106.07.02. The Contractor may submit the Certifications of Compliance electronically to the RE in a scanned document. Include the DC-1811 and all backup documentation in the scanned document.

#### **106.07.02 Certification for Iron and Steel, and Construction Materials**

##### **C. Step Certification of Compliance**

THE FOURTH PARAGRAPH IS CHANGED TO:

Ensure that step Certifications of Compliance contain the following information for each heat of material listed in the DC-17:

1. Name of the Company supplying the material.
2. Name and location of the Company the material was shipped to.
3. Material description.
4. Quantity of material represented by the Certification.
5. Means of identifying the consignment, such as label marking or seal number.
6. Date and method of shipment.

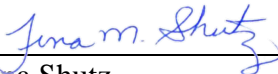

7. A statement that the material conforms to the Contract material requirements and to the Buy America requirements in 106.03 and the Infrastructure Investment and Jobs Act (“IIJA”), Pub. L. No. 117-58, which includes the Build America, Buy America Act (“the Act”). Pub. L. No. 117-58, §§ 70901-52.
8. A statement that all steel or iron components in the material or assembly were “melted and manufactured in the US”, unless there is non-domestic steel or iron in the material or assembly.
9. If there is non-domestic steel or iron in the assembly, describe in detail the non-domestic steel or iron material and the quantity. Attach a copy of the Department’s approval for the use of non-domestic steel or iron components.
10. Signature of a person having legal authority to bind the supplier.
11. Typed or printed name of the person who signed the certification.

**Implementation Code R (ROUTINE)**

Changes must be implemented in all applicable Department projects scheduled for Final Design Submission at least one month after the date of the BDC announcement. This will allow designers to make necessary plan, specifications, and estimate/proposal changes without requiring the need for addenda or postponement of advertisement or receipt of bids.
