I-676 southbound Exit 1C to Collings Avenue to close overnight this week as intersection improvement project begins in Camden Signed detour will be in place

(Trenton) - New Jersey Department of Transportation (NJDOT) officials today announced that I-676 southbound Exit 1C to Collings Avenue will be closed and detoured overnight this week as an intersection improvement project begins in Camden.

Beginning at 11 p.m. Monday, May 10 until 5 a.m., and continuing nightly through Thursday, May 13, NJDOT's contractor, Berto Construction, Inc., is scheduled to close and detour I-676 southbound Exit 1C to Collings Avenue. This closure will allow the contractor to construct concrete sidewalks on Collings Avenue. The following signed detour will be in place:

I-676 southbound Exit 1C to Collings Avenue detour:

- Motorists traveling I-676 southbound wishing to take Exit 1C to Collings Avenue will be directed to continue on I-676 southbound, which becomes I-76 eastbound
- Take I-76 eastbound Exit 1C towards Route 130 southbound/Brooklawn/Westville
- Keep right and continue through the Market Street intersection
- Stay right to take the jughandle immediately past the intersection towards Mount Ephraim
- Merge onto Market Street
- Turn left onto North Crescent Boulevard/Route 130 northbound
- Keep left to continue on I-76 westbound
- Keep right to continue on I-676 northbound towards Camden/Ben Franklin Bridge
- Take Exit 1 to Collings Avenue

The work is part of a \$2.4 million state-funded intersection improvement project that will upgrade pedestrian ramps and traffic signals at intersections throughout Camden County. The contract will construct ADA facilities and upgrade existing traffic signals to bring the intersections into compliance with the Americans with Disabilities Act.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information, and for NJDOT news follow us on Twitter [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) or on the [NJDOT Facebook page](https://www.facebook.com/NJDOT).
