Cedar Avenue to be closed and detoured for a week as railroad crossing repairs begin in Middlesex Necessary safety work will require detours

(Trenton) – New Jersey Department of Transportation (NJDOT) officials today announced the start of a railroad crossing rehabilitation project that will require a week-long closure and detour of Cedar Avenue in Middlesex Borough, Middlesex County.

Beginning at 9:30 a.m. tomorrow, Thursday, July 15 until 3 p.m. Wednesday, July 21, Cedar Avenue is scheduled to be closed in both directions at the railroad crossing near Lincoln Boulevard. Construction will remove the existing railroad crossing and replace it with a new concrete crossing, as well as new asphalt approaches for a safer and smoother railroad crossing. Motorists are advised to follow the signed detour.

This federally-funded project is included within NJDOT's railroad grade-crossing safety program, which repairs, upgrades, or removes approximately 50 crossings each year, statewide.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information and for NJDOT news follow us on Twitter [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) or on the [NJDOT Facebook page](#).
