I-295 northbound to Pennsylvania double right lane closures expected to affect Friday evening rush hour 48-hour closure necessary for bridge deck repairs

(Trenton) – The two right lanes on I-295 northbound to Pennsylvania will be closed for 48 hours starting at 10 a.m. tomorrow, Friday, October 14 until 10 a.m., Sunday, October 16, between Exit 75/Bear Tavern Road/CR 579 in Ewing, Mercer County and the Scudder Falls Bridge.

During the lane closures, all traffic will be directed to the left lane. The I-295/Route 29 Exit 76 interchange will remain open during construction. The closures are necessary to make bridge deck repairs to the bridge over Route 175 and the D&R Canal before Scudder Falls Bridge, as part of the [Scudder Falls Bridge Replacement Project](#).

Severe congestion is expected. The Delaware River Joint Toll Bridge Commission (DRJTBC) is urging affected Pennsylvania-bound commuters who travel on I-295 northbound to the Scudder Falls Toll Bridge to consider three options for avoiding evening-peak travel delays on Friday:

- Work from home on Friday, if possible;
- Reschedule evening commutes to a less-congested travel period; or
- Use the Trenton-Morrisville/Route 1 Toll Bridge as an alternative travel route Friday evening.

This is a DRJTBC project. For detailed information about the closures and alternate routes, including maps, contact the DRJTBC press office at 267-394-6560 or see the [DRJTBC traffic advisory](#).

Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for real-time travel information, and for NJDOT news follow us on Twitter [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) or on the [NJDOT Facebook page](#).
