I-80 westbound lane closure needed Thursday for barrier installation in Hardwick, Warren County Right shoulder to remain closed for duration of the project

(Trenton) – The New Jersey Department of Transportation (NJDOT) has scheduled a closure of the right lane on I-80 westbound Thursday, January 26 in Hardwick, Warren County.

From 9 a.m. until 3 p.m. Thursday, January 26, the right lane on I-80 westbound is scheduled to be closed after the Dunnfield Creek/Appalachian Trail parking lot near mile post 0.8. The closure is necessary to install construction barrier in the shoulder to remove guiderail and create a work zone off the roadway to store construction materials. One lane will remain open while the barrier is being installed. If work is completed early, the lane will reopen sooner. The right shoulder will remain closed for the duration of the project to make repairs to retaining wall panels.

Motorists are advised to slow down and use caution when driving through the work zone. The precise timing of the work is subject to change due to weather or other factors.

Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for construction updates and real-time travel information. For NJDOT news follow us on Twitter [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) and our [Facebook page](https://www.facebook.com/NewJerseyDOT).
