## **I-295 northbound daytime lane closures tomorrow for bridge inspection in Burlington Township At least one lane will be maintained during inspection**

**(Trenton)** – I-295 northbound is scheduled to have lane closures tomorrow for an inspection of the bridge carrying Oxmead Road over I-295 in Burlington Township, Burlington County.

Beginning at 9 a.m., tomorrow, Friday, November 3 until 3 p.m., two lanes are scheduled to be closed to inspect and take measurements on the bridge carrying Oxmead Road over I-295. The closure will begin with the left and center lanes. The left lane will then be reopened and the right and center lanes will be closed. Oxmead Road will remain open. The inspection is necessary after a truck struck the bridge on Monday night. An initial evaluation was done by structural engineers on Monday night and the bridge was deemed safe to reopen to traffic. Tomorrow's inspection is needed for a detailed assessment and measurements to determine future repairs. Motorists are advised to use caution, slow down, and expect delays.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website [www.511nj.org](http://www.511nj.org) for construction updates and real-time travel information.
