Route 46 westbound lane closures tonight to complete drainage pipe repair in Ridgefield Park, Bergen County **At least two lanes will be maintained**

(Trenton) – The two left lanes on Route 46 westbound are scheduled to be closed tonight to complete emergency drainage repairs before the Bridge over Overpeck Creek near the exit for the New Jersey Turnpike and I-80 westbound in Ridgefield Park, Bergen County.

Beginning at 8 p.m. tonight, Tuesday, June 18, until 6 a.m. tomorrow, Wednesday, June 19, the two left lanes on Route 46 westbound are scheduled to be closed between Route 93/Grand Avenue and the Bridge over Overpeck Creek in Ridgefield Park to complete emergency drainage pipe replacement that began yesterday. The two right lanes will remain open and traffic will still be able to take the exit to the New Jersey Turnpike South/I-80 West/Teaneck Road or continue on Route 46 westbound. The work is a continuation of a repair that began yesterday when a portion of the pipe on the right side of the road was replaced.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for construction updates and real-time travel information.
