Route 70 westbound single lane closure tonight to shift traffic in Cherry Hill, Camden County At least one lane will be maintained overnight

(Trenton) – Route 70 westbound is scheduled to have lane closures tonight between Kings Highway/Route 41 and I-295 to shift traffic as a pavement preservation project advances in Cherry Hill, Camden County. This is a continuation of work that began last Friday, June 21.

Beginning at 8 p.m. tonight, Friday, June 28, until 6 a.m. tomorrow, Saturday, June 29, a single lane on Route 70 westbound is scheduled to be closed from I-295 to Kings Highway/Route 41. Construction is expected to begin in the left lane and move right as work progresses. The lane closures are necessary to restripe the roadway and move construction barrier, as well as upgrade traffic signals at West Gate Drive and Cover Bridge Road/Frontage Road. At least one lane of traffic will be maintained overnight.

By 6 a.m. Saturday, June 29, traffic on Route 70 westbound will be shifted to the left, onto the temporary roadway in the median. The traffic shift is necessary to install a watermain and reconstruct the right lane and shoulder on Route 70 westbound. This traffic pattern is expected to remain in place until fall 2024. Motorists are advised to slow down, use caution and expect delays or plan an alternate route.

The work is part of a \$151 million state-funded Route 70 corridor safety and improvement project that will upgrade traffic signals at 27 intersections, replace or install four Dynamic Message Signs, improve drainage, sidewalks, and resurface approximately 9 miles of Route 70 between Route 38 in Cherry Hill and Cooper Avenue in Evesham. In addition to milling and paving Route 70, the North Maple Avenue loop ramps and the Route 70/Route 73 interchange ramps will be repaved as well. The project is expected to be completed by winter 2026.

The precise timing of the work is subject to change due to weather or other factors. Motorists are encouraged to check NJDOT's traffic information website www.511nj.org for construction updates and real-time travel information and for NJDOT news follow us on X (Twitter) [@NewJerseyDOT](https://twitter.com/NewJerseyDOT) and our [Facebook page](#).
